

Dear Friend,

It is the month we usually share some special act of love to someone.

I would like to share with you a special act of kindness shown to our daughter Lizzie by her friends.

For over a year Lizzie had hoped to get a Letter jacket, but because of a lack of financial resources, she was unable to afford it.

A couple of her classmates came up with the idea to pool resources from their classmates and see if they could raise the money to get her, her jacket. Sure enough, God blessed their efforts. We planned a party for Lizzie at the HCJB Global Technology's Center's multi purpose room on January 30th.

That day she was presented with her new jacket.

We thank God for His provision for Lizzie and that she has many friends that care about her.

We thank God for you as well. We know that you love God and desire to see many come to know Him as their Savior and Lord. Therefore, you support missionaries like us who send out radio transmitters and antennas to plant Christian radio stations so that every man, woman, and child may hear about Jesus.

Thank you for your impact in reaching the lost for Him.

With the problems in Haiti, you might be wondering if HCJB Global has been there to assist? Below is an excerpt from our website hcjb.org, and while they were there, they were able to assist in getting one of our engineers out, who was working with one of our partners there.

“HCJB Global Hands sent a seven-member emergency medical response team from Ecuador to Port-au-Prince on Friday, Jan. 15, providing much-needed help to survivors. The team, led by International Healthcare Director Sheila Leech, worked in partnership with Samaritan's Purse. Team members spent 10 days in Haiti before leaving for Miami on Jan. 25 and returning to Quito the following day. The team was based at a 100-bed hospital in Port-au-Prince operated by Baptist Haiti Mission.”

God is allowing HCJB Global to be used in many different facets. Thank you for your part in assisting us.

I am in the process of making plans to go to Belize in the coming weeks to assist one of our partners there in doing some training. Next month I will let you know the exact dates.
